

Online Consent Portal

This is a web-based tool to efficiently collect parents' consent for a variety of activities. The intention is to replace paper-based forms that are sent out at the start of the year.

The parent page is where guardians login to provide and /or review consents for their children. <https://consent.sd62.bc.ca>

Currently, the system is set up to collect consent for standard, district-wide programs. Here are the consents that are available to be collected online:

Consent Forms	
District-Wide Consents	
Daily Student Health Check Agreement	View
FlipGrid	View
FreshGrade Consent	View
General Consent for School Fieldtrips/Activities	View
Google Apps For Education Consent	View
Internet Access Consent	View
Media Consent	View
Na'tsa'maht Indigenous Education	View
Online Learning Platforms Consent	View
School Cash Online Consent	View

SD62 Consent Portal:

Many parents have already completed online consents last year. If you are new to the online consent portal, please follow the directions below. ***IMPORTANT*** If you have made any changes to your email address listed on the online registration, there will be a wait time until you can access your online consents. Once the schools' population of email addresses are updated in MyEd, consents will be accessible via the consent portal. Thank you for your patience with this process. Please retain these instructions for future reference.

1. Please login to <https://consent.sd62.bc.ca>
2. Parents can only use the system if they have an email address previously entered into MyEdBC. Parent's email address must EXACTLY match what is already on file in MyEdBC. Any changes to the email address of record must first be done in MyEdBC, and will take 24 hours to automatically get updated in the Consent Portal**
3. When you enter your email for the first time you will get a verification code emailed to you immediately.
4. Once you enter your verification number click on the consent tab at the top of the page. Parents can review and complete consents for each student. *If you cannot access all your children, please contact the school office and make sure they have your correct email address in the MyEdBC student record system.
